FREQUENTLY ASKED QUESTIONS

What is the age range for participating in the program?

The Imperial Beach Junior Lifeguard Program is offered to youth ages 9 through 17. There are three age divisions within the program: C (9-11), B (12-13), and A (14-17).

Where should I drop-off and pick-up JGs?

Junior Lifeguards should be dropped off at the grassy area, south of Pier Plaza on Seacoast Avenue and Elder, across from the Safety Center (950 Ocean Ln. I.B. 91932). Please do not block emergency accesses or park in red curbed areas. Tickets will be issued for any parking violations, including junior lifeguard parents.

What time does the program take place?

The program runs from 9:30am-2:30pm Monday through Friday. If you would like to drop your child earlier or let them stay later please understand that they will NOT be supervised by the program outside of normal program hours. All instructors are needed for normal lifeguard operations outside of program hours.

What does the program cost?

Tuition is \$375/ child. Discounts are given for siblings, and financial aid is available. Basic uniform items are included in tuition cost.

Does my child need to wear the required uniform? Yes! Uniforms are mandatory in order to participate in the program. Your child is required to show up in uniform each day. Uniforms are for the child's safety and allow us to distinguish our group from others while at the beach.

Where is Lost & Found?

Lost and found is located at lifeguard headquarters. Ask any instructor for assistance with lost and found items. All unclaimed items will be donated after Labor Day.

What if a JG needs to arrive late, leave early or miss a day?

For safety and accountability reasons, please try to coordinate with your child's instructor at least one day prior. This can be done via phone, email or a signed note, with your name, your child's name, date they will be absent, and your contact information.

What does my child need to bring each day?

Every Junior Lifeguard needs to bring water, sunscreen, towel, snacks/lunch, their uniform and a good attitude.

OVERVIEW OF THE IMPERIAL BEACH JUNIOR LIFEGUARD PROGRAM

The Imperial Beach Junior Lifeguard Program's mission is to educate youth about ocean and beach safety, while building self-confidence and appreciation for the dynamic ocean environment. Founded in 1995 as part of the Imperial Beach Lifeguard Service, our program has since instructed hundreds of children every summer in the hopes that they will take their experiences and develop lifelong ocean safety and leadership skills. Our instructors are all certified and experienced ocean lifeguards who have a tremendous amount of respect and love for the ocean.

The Junior Lifeguard Program introduces participants to safe aquatic recreational opportunities through daily activities such as stretching, running, open water swimming, paddle boarding, body surfing, surfing, boogie boarding, mock rescues, beach games and friendly competitions. Our program also introduces topics related to first-aid and public safety. Further, our program is designed to improve the participant's physical fitness, their understanding of the ocean environment and respect for themselves and others.

It is our goal that the Junior Lifeguard experience will stand out as the most memorable event of every summer. Our instructors love teaching and will safely push participants to expand their comfort level and help them overcome any fears they may have. We want them to have fun, continue to grow, and pass on what they have learned to friends and family. We believe our junior guard program is a great way to build strong lifelong safety skills. It is also our hope that through this program, children will learn the importance of a safe and healthy lifestyle, as well as develop a lifelong respect for the ocean environment. Some of our participants may even decide they want to pursue careers in public safety and lifesaving, becoming JG Captains and ultimately fellow lifeguards or other public safety personnel.

We hope your junior guards go home smiling, exhausted and ready for more! See you at the beach!

DAILY ACTIVITIES AND INSTRUCTION

Junior Lifeguards are engaged in a number of fun and challenging activities each day from 9:30am-2:30pm. Physical activities include swimming, running, paddling, surfing, beach flags, various team sports and much more. In addition, participants will be given safety talks, become educated in the ocean environment, and be visited by various guest speakers.

Each morning before we begin the day's activities, we do stretching exercises on the grass in Pier Plaza. After everyone is warmed up, we often walk north of Palm Avenue between the two jetties where most of our daily activities occur. Occasionally we take JG groups to various other parts of the beach including near the pier and as far south as the Tijuana River mouth to experience the estuary ecosystem. There are also some days where we will visit other beaches in San Diego County these days are included in our program calendar for the session and will be made clear well in advance.

Our program is organized into three age divisions:

- C – Ages 9-11
- B – Ages 12-13
- A – Ages 14-17

All groups will spend a portion of the day together but will generally split up for most of the day to receive different instruction based on skill level from their respective instructors.

Junior Lifeguard Instructors are all experienced and certified ocean lifeguards. As lifeguards, they are required to re-certify every year with a physical abilities test and a medical skills refresher. JG Captains assist the instructors in setting up meeting areas and conducting daily activities (See page 16 for more information about our JG Captain Program).

The discipline policy is progressive, but may start at any of the following levels. The normal progression is as follows:

UNIFORM POLICY AND REQUIRED EQUIPMENT

Minimum mandatory uniform items are provided to each participant with registration cost. The mandatory uniform items are required for safety reasons and therefore must be worn each day. The Uniform Policy is as follows:

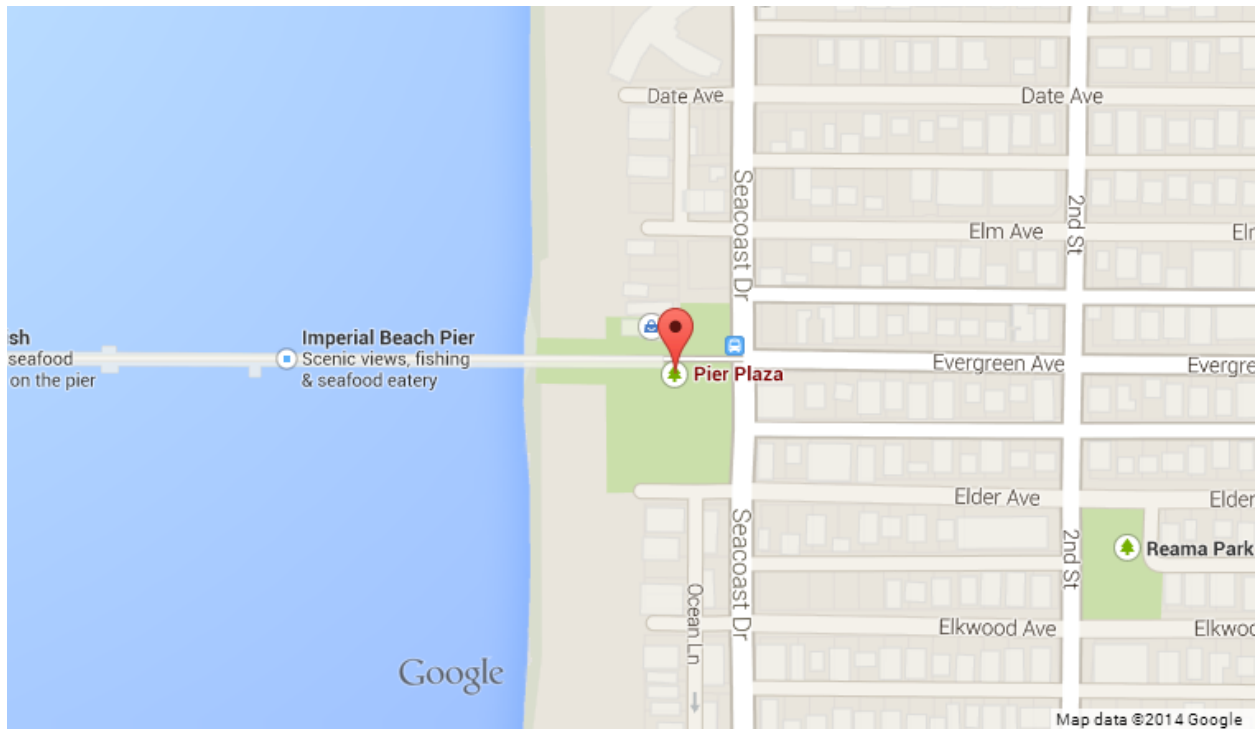

- The following uniform items are mandatory (included in program cost) and must be worn during class:
 - IBJG T-shirt
 - IBJG Rash guard
 - IBJG Board Shorts
 - IBJG Hat
- **Although not provided, girls must purchase and bring their own solid navy blue one piece sports swim suit.** Due to the wide range of sizing options and styles for one piece swim suits. We prefer to give girls the latitude to purchase whatever brand of suit fits them best, instead of limiting them to the one option from our uniform supplier.
- Optional uniform items that are available for purchase include sweatshirts and sweatpants. Please consider purchasing these items as many children get very cold during the program!
- **If your child wears anything other than official IBJG uniform apparel, he/she will not be allowed to participate that day.**

In addition to uniform, participants will also need to bring the following equipment with them each day:

- Towel
- Sunscreen
- Water
- Snacks and lunch
- Sandals and/or athletic-style shoes

Please mark all uniform items and equipment with the participant's first and last name! Do not allow participants to bring valuables to class. The Imperial Beach Junior Lifeguard Program is not responsible for any lost personal belongings.

TRANSPORTATION, DROP-OFF AND PICK-UP INFORMATION

Unless otherwise instructed, we meet on the grassy area in Portwood Pier Plaza, north of the Dempsey Holder Safety Center (IBLG Headquarters). **950 Ocean Ln. Imperial Beach, CA 91932.** A few canopies will be set up nearby, where junior guards will be able to leave their belongings for the day. The program **starts at 9:30am and ends at 2:30pm.** Please do your best to drop your child off on time for the program. Children arriving late may be separated from the group.

After our early morning exercises on the grass, we usually walk north along the beach in between the two jetties, north of Palm Avenue. Most of the day's activities are conducted here.

Please do not block emergency accesses or park in red curbed areas. Tickets will be issued for any parking violations, even to parents of junior guards

There will also be a number of days where we will meet at other beaches, including La Jolla Cove and Coronado Central Beach. These days are planned out in advance and are included in our program calendar for the session.

Children left after program hours will not be supervised. Unfortunately our staff is on a very tight schedule. All of our instructors are needed for normal lifeguard operations outside of program hours.
